High-quality Exam Torrent & Valid Test Dumps & Reliable Guide Torrent

Exam : **1D0-735**

Title : **CIW JavaScript Specialist**

Vendor : **CIW**

Version : **DEMO**

NO.1 Which of the following is a true statement regarding the relationship between Promises and callback functions?

- A.** A Promise is used to monitor the value of a variable A callback retrieves the previous value of a variable.
- B.** A Promise is a returned object to which the developer can attach callbacks instead of passing callbacks to a function.
- C.** A Promise is an object a developer can use to pass callbacks to functions.
- D.** A Promise cannot be used in conjunction with a callback.

Answer: B

NO.2 Geraldine is creating a custom object to store user account data on her Web site. She has written the following code it is not working properly. What change should she make to enable the script to run correctly?

```
function userObj () {  
    this.username = username;  
    this.password = password;  
    this.email = email;  
}
```

- A.** She must add the parameters username, password and email to the function definition
- B.** She must change the function keyword to the object keyword in the function definition
- C.** She must remove the this keyword from the left side of the assignment variables
- D.** She must change the this keyword to the object keyword on the left side of the assignment variables

Answer: C

NO.3 Which of the following is an advantage of using the Virtual DOM?

- A.** Rendering the virtual DOM is faster than rendering the regular browser DOM.
- B.** The virtual DOM updates each element when the layout of the DOM changes, meaning that the page always reflects the most current data from the server
- C.** You can learn virtual DOM concepts and React libraries quickly because the libraries are simple and concise
- D.** The Virtual DOM is not just a view layer, but also makes changes directly to the Web page

Answer: D
